Debunk A Myth

There is so much false advertising and junk in the media and anybody can write a book even if they don't have the credentials.

1. Find a myth or false advertising
2. Prove that it is false or misleading from a RELIABLE source such as an interview with a medical professional or from a website such as
.gov
.org
.edu
3. Handwritten or typed up is fine
1-3 pages

EXAMPLES- the grapefruit diet, Suzanne Sommers saying that if you mix fruit and protein it becomes toxic, "miracle weight loss pills"...etc
